ann. 12/29/96

Dear Lillian and Harold—

Wishing the very best for 1997 and hoping for a reunion with you.

SEASON'S GREETINGS

AND BEST WISHES FOR THE NEW YEAR

We're heading for Palo Alto, now that we have both kids on the same coast (at least for a year). Liz is working diligently on a research proposal which would employ disciplines of cardiology and nephrology and could be significant. David is staying on top of his internship. With D.R. liberated from the classroom next semester, I'm sure he'll look East. Jim plugging away at Human Services which the State is redesigning (probably privatizing).

With love Elaine and Dave
